## A Personal note from Bob&Cindy

When we became the breadheads here at Great Harvest getting to be part of the West Cobb community was one of our biggest thrills. Problem is it has taken over a year to sell our house so we have been commuting 74 miles each day!!

Finally it is happening—our old house is sold, we have a new one here and by mid-July we will be settled in. SO EXCITING!!!

With less time on the road and more time in the bakery we can get more of our crazy ideas in place; so be ready for fun.

## MEET THE CREW.....

If you always come by the bakery the same day or time you may have never met some of our crew. So here are some of *the characters who make Great Harvest... GREAT*

- |                 |   |
|-----------------|---|
| Lori            | Weekday early mornings she makes sure your coffee and sweets <i>are hot and ready. Definitely the "mom" here and keeps us all in line</i>         |
| Bonnie          | Baker extraordinaire!! Back behind the bread racks Bonnie is putting dough in the oven and taking hot loaves out.                                 |
| Jackie          | Superb sandwich maker. Sometimes you might see her opening in the mornings.   |
| Ian             | Our resident comedian & music guru. He is artistic and draws many of our blackboard & window signs.   |
| Heidi           | Muffin, scone and cookie creator. She comes up with new flavors and combos to try. Usually busy in the back up to her elbows in flour.            |
| Nick            | <i>He organizes, cleans, trains, is reliable. We just call him "Face".</i>  |
| Dylan           | Our dough maker. He is here before dawn combining all those fresh ingredients to make the dough. His day is done before most customers get here!! |
| John            | Man of many talents; baking, sandwich making cleaning, inventory; whatever we need.   |
| Linda           | From lunch hour to closing she keeps customers happy.   |
| Hannah & Lessie | <i>Both recently graduated to "sweets maker". Getting here bright and early mixing muffins, scones &amp; cookies</i>                              |

| Katie           | Another huge smile person. She is most often here in the afternoons but can jump in on sandwiches if needed.                                      |
| <hr/>           |   |
| Juliette        | Turns out sandwiches at an amazing rate and can recite the contents of each in her sleep!!  |
