**Guinness & Gouda** -A perennial March favorite! Chunks of smoked gouda cheese & Guinness beer finely crafted together and baked with a coarse kosher salt topping. Shake off those bad economy blues with this bread!

**Potato Chive** - Look for this St Patricks week. (Irish = potatoes)

**Apricot Almond** - A tasty whole grain bread filled with whole dried apricots and roasted almonds.

**Irish Soda Bread** - More like a large buttermilk raisin biscuit. A favorite of our dough maker Dylan, who is a true Irish lad!

#### **A note from Bob The Baker**

**Time to admit one of my vices in life— I love old cars and going to car cruises. With spring coming I have a vision of having "Cars & Coffee" some Saturday mornings at Great Harvest. Nothing fancy or formal; just show up with your ride, grab a coffee, talk with other enthusiasts, then head out to your days activities. Keep an eye out for more information in coming months.**
